- Attended daily pre shift meetings for constructive team building.
- Regularly exceeded standards, and earned a name stitched coat.

EDUCATION

MARCH 2007

HIGH SCHOOL DIPLOMA, CANYON HEIGHTS HIGH SCHOOL

General Studies required to receive my High School Diploma.

JUNE 2007 – JUNE 2008

WEB DESIGN, DAVIS APPLIED TECHNOLOGY COLLEGE

Studied the fundamentals of Web Design.

APRIL 2023 – CURRENT

MERN STACK, UNIVERSITY OF UTAH

Enrolled in U of U's coding bootcamp, where we are learning the MERN stack. Additionally, we are using agile methodologies, Slack, GitHub issues, and GitHub projects as a team.

SKILLS & STRENGTHS

- Strong Communication
- Expert Computer Skills
- Leadership
- Problem Solving
- Attention to Detail
- Strong Work Ethic
- Next JS (React JS)
- HTML, CSS, JS
- Node JS, Express
- MongoDB
- Netlify, Heroku
- Tailwind CSS, Bootstrap

RECENT ACTIVITIES

- Actively building my new portfolio site using Next js and tailwind. The build is using Open AI's ChatGPT to answer questions about me, has a full stack guestbook feature with giphy support, fetches latest pushes to GitHub, and more. https://github.com/christianbmartinez/cbm_2023
- Working on a mars/moon group project in class using multiple api's to fetch data and return it to our app. Currently building with tailwind css, nasa api, and the moonphase api. <https://github.com/christianbmartinez/marsmadness>
- Active in twitter spaces, where I speak on topics related to modern web development.
- Participating in the #100DaysOfCode and #buildinpublic challenge where I am challenging myself to code for 100 days straight. Currently documenting my new portfolio sites progress. <https://twitter.com/coderchris>
